"Bobbi became a friend besides a business associate. The Confers are very professional in service and listen to their clients needs and desires, we are very pleased with their professional attitude and service. I and my husband trust Bobbi and Mike with our property investments. They are honest, non-manipulating and not pushy. They are reliable and attentive throughout the year".

"We were exceptionally satisfied".

- Axel McGuffie DDS- Marco Island, Florida

You did an exceptional job in all aspects of the marketing process. Your follow up during the listing period was excellent. Your interaction with other Realtors was the best we have experienced. Your marketing program came off just as scheduled, and promised. Last but not least, the (60) days it took to sell was exceptional given the price point and the competition at the time".

- Kenneth Hilbert- Marco Island, Florida

A big thank you! We think you did a great job. So glad you were open and patient when we weren't sure which way we wanted to go.
